## Arbour Day Observed at Pangman School

On May 16, Pangman students and staff took part in the second annual ceremony of planting a tree in front of the school to commemorate Arbour Day, observed internationally. A green ash tree will join last year's birch on the front lawn. Our principal Mr. Ryan encouraged the students to continue to find ways to nurture the environment with "green" initiatives.

## Principal's Message

We are in the final month of our education cycle and summer holidays are approaching. The staff at Pangman School start each year with goals and objectives that we believe are attainable and important for the education of children. Many are education and outcome based; many are based on creating a school culture that is open and serves our children well. I often say our role is to serve our children and community well and I believe we do. I would like to thank all our staff, SCC members, parents and stakeholders for helping us create a great school.

On June 18, 2014 at 2:00 PM we will be celebrating our children's academic achievements. We will also be thanking all those who work so hard to ensure that Pangman School is a success. I invite all to join us for this very important program. See you there!

Laury Ryan

## Students of the Month for May

**K-2**  
for his dedication to improving  
his reading skills

**Grade 3-5**  
for always being a willing, caring helper in  
the classroom and on the playground

**Grade 6-8:**  
for his display of honesty, encouragement  
and manners in and out of the classroom

**Grade 9-10:** for consistently upbeat  
attitude  
no matter the task

**Grade 11-12:** for excellent time  
management skills in balancing school work,  
extracurricular responsibilities and work

## Arbour Day Cleanup

"We want our town to look nice," agreed Miss Quigley's students on May 16 Arbour Day as students and staff criss-crossed the school grounds and town in teams picking up debris. A big thanks to the Pangman & District Economic Development Board for supplying the pizza lunch for us that day.

## \$3,304 Raised for Heart and Stroke

Back in February, Pangman students, staff and community really got behind the Jump Rope/Hoops for Heart fundraising initiative. Pangman School's contribution more than doubled from the previous year. During the school assembly on May 5 students happily received their thank you prizes from the Heart and Stroke Foundation.

## Why is it important to have good manners?

"Manners" was a theme for our Focus of the Month at Pangman School.

Miss Quigley's class video is a must-see! <http://youtu.be/pefie7h-998>

It is nice to use your manners like when you open the door for someone. "Don't be a beauty queen!" Be nice to everyone. Let them have your book; donate stuff.

If you are nice, they will treat you how you want to be treated. It's like when I say "Could I please go to centres when my work is done, Miss Quigley?"

It's nice to be nice to people. If you are rude, that would hurt their feelings. If there was a dog, you would ask "Could I please pet your dog?"

I'm not even older than my brother and I let him play with my monster truck. Good manners are so you don't get in trouble...and you'll have more friends.

If you have good manners it gets you further in life. People will want to help you. Nice manners at the table at home ...you might get to have a TV in your room.

### Measuring Capacity

Grade 5 math students were to demonstrate their understanding of capacity by describing the relationship between mL and L, selecting and justifying referents for mL or L units, estimating capacity and then measuring and recording their findings.

### Diorama Created

Following their study of Shakespeare's "Romeo and Juliet", Mrs. Warren's Grade 9 students were to create a visual representation that demonstrated their understanding of the play. This student's diorama depicts the Romeo and Paris fight scene in Act 5, Scene 3.

## Courtroom Tour

On May 22, Mrs. Warren's Law 30 students toured the Provincial Court House and Court of Queen's Bench in Regina. "Because the provincial court was in session," says Christie Jesse, "we watched the bail hearings and an appeal hearing. It all looked so professional and security was intense." The class then toured the Science Centre and IMAX where they watched a documentary about endangered species "Island of Lemurs: Madagascar".

## 3-D Learning

Miss Quigley's K-2 class is working towards the shape and space curriculum outcomes in math. They worked in groups to create structures using 3 dimensional objects. Each group was given a specific list of objects that they needed to incorporate into their structure (ex. 4 cylinders, 1 pyramid, 6 spheres, 10 cubes, 6 rectangular prisms, 1 triangular prism and 2 cones).

## SECPD Employee Recognition

Congratulations to Arla Hanson, Allison Kessler and Karen Schwindt who received long service awards at the school division's annual banquet and awards ceremony which was hosted in Pangman May 26.
